CLEARANCES TO COMBUSTIBLES

Back Wall Clearance — The appliance may be placed against a combustible back wall.

Floor Clearance — The fireplace may be installed directly on a combustible floor or a raised platform of an appropriate height. Do not place fireplace on carpeting, vinyl, tile or other soft floor coverings. It may, however, be placed on flat wood, plywood, particle board or other hard surfaces. Be sure fireplace rests on a solid continuous floor or platform with appropriate framing for support and so that no cold air can enter from under the firebox.

| PRODUCT LISTING CODES | |
|---|-------------------------------------|
| US | ANSI Z223.1 / NFPA70 ANSI Z21.11 |
|  | CSA Design Certified |
